The financial knowledge to help plan for whatever life brings

TIAA has experience helping people save and invest since 1918. We’re proud to share that knowledge with you in the form of a fun, interactive and informative workshop. Here is a workshop that is coming soon to University of Michigan.

Halfway There: A retirement checkup

Don’t let retirement sneak up on you. Be ready for it. Our workshop leader will provide information to help you assess where you are on the path to reaching your financial goals and how to help get back on track if you’re behind. Discover:

- The amount of savings you may need to reach your retirement income goals
- Different investment options and how they can work together to help you pursue retirement goals
- What’s competing for retirement savings today – and how to reallocate to pursue the life you envision tomorrow
