- Can be offered at Department’s discretion.
- Should be provided consistently within the department or unit.
- MAXIMUM REIMBURSEMENT: 1/12 of the annual salary.
- Dollar amount should be specified.

Medical School Bylaws

The Faculty of the Medical School consists of a diverse organization of health care professionals and scientists who perform the teaching, research, health care and service missions of the Medical School. The University is a public university and the Faculty serves in the public interest. Faculty members are responsible for providing instruction to a large learning community that includes undergraduates, medical students, allied health workers, graduate students, residents, postdoctoral fellows, physicians, professional colleagues through continuing medical education, and the public.

Members of the Faculty must maintain and demonstrate competence in their disciplines, as well as professional and personal integrity. Faculty members are expected to offer mentorship within the entire learning community, including mentorship to Faculty colleagues. Faculty members are expected to set a high example of collegiality in the workplace with respect for personal boundaries and diversity and inclusion. Faculty members must avoid behaviors that interfere with or adversely affect a community member’s ability to learn or fulfill the individual’s professional responsibilities. Confidentiality in clinical, research, administrative and other professional roles must be assured.

In addition to the Regents’ Bylaws and these Medical School Bylaws, each of which apply to all Faculty members, special rules such as the Medical Staff Bylaws, the University of Michigan Medical Group Bylaws (UMMG Bylaws) and research guidelines and principles pertain where applicable. Faculty who provide clinical patient care must have and maintain the appropriate clinical credentials and privileges approved by the applicable governing body.

Faculty members must avoid conflicts of interest and conflicts of commitment to the University. Academic freedom does not abrogate the requirement for integrity in scholarship, professional confidentiality, collegial behavior, or civility in the workplace. The Medical School’s Conflict of Interest and Outside Interest policies and disclosure forms are available online at: http://www.med.umich.edu/u/coi/. Faculty are required to disclose their Outside Interests annually and as needed to update disclosures in M-Inform available online at: http://www.umms.med.umich.edu/minform/. Faculty must disclose the Outside Interests of both themselves and their immediate family members. When reviewing disclosures, Faculty outside interests must enhance the Faculty’s usefulness as a teacher and scholar (see Regents’ Bylaws Section 5.12). Eligible outside interests may not include the performance of functions that otherwise are more appropriately performed within the UMHS, including education, research, establishment of non-profit entities, patient chart reviews and clinical activity.

Failure to meet these responsibilities may result in corrective action up to and including suspension or termination of Faculty appointment and/or termination of employment. Corrective action is further described in Section 4.6 of the Medical School Bylaws.
